

Cover Letter

Thank you for the opportunity to submit an application for the part time position in your RV parts and accessories shop as advertised in the Leader newspaper. I believe I have the required attributes for the position, even though I am currently working full time I am reaching the age that I would like to semi retire and working on a part time basis sounds like a perfect fit.

I am an avid caravaner, my wife and I have a Jayco Journey OB which we regularly like to getaway in. I believe I possess the people skills that I could bring to the Page Bros organisation after years of conversing with customers in both a retail and wholesale environment.

We have been regular visitors (as customers) to your site including a previous purchase of a Jayco Discovery a few years back. The Journey OB was also purchased from Page Brothers.

I enjoy working with happy people in a team environment, and believe in assisting each other and the sharing of information. I have learned a lot from my many years of caravanning and camping and would enjoy working in such a growing industry, however there is also much to learn from others.

I would love to get the opportunity to meet with you and discuss the position.

Look forward to hearing from you.

Many thanks
Craig Shine
